****Note - Dr. Martens** are not the best shoe to elevate because of the material that the sole is made out of. This material does not take glue very well increasing the chance of the lift pulling apart. For this reason, we cannot guarantee them.

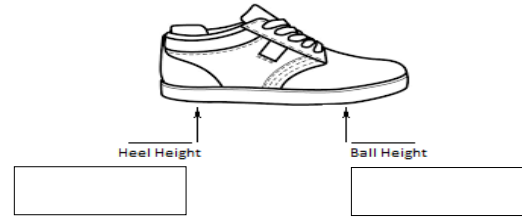

***Send only the shoe that requires a lift**

Number of Shoe/s

Please give us a brief description of the shoe/s.

**Included Color/Brand/Style*

You can also write any question or concerns

If you know you need a specific lift size added at certain points please indicate those on chart above.
